Welcome to the first of 12 monthly fobs in the returning Fob a Month!

This is the updated version of the fob pattern as I realised that the original pattern was too big to make a nice fob, so I added a front and back for a proper sized fob and the original pattern will now make a matching pincushion.

Notes:

- Make sure you stitch each piece at least 10 stitches away from the other pieces in every direction so you have enough space for the seam allowance. The pattern has them closer together to save on paper when printing.
- This month's pattern is fairly pale in colour so is probably best on a darker fabric.

If the greens are not your shade you could try using the following:

Either 15 and 14 or 369 and 368

Or a pair of lighter greens that are not too far apart with colour.

Naturally you can always go ahead and use any colour you like for this!

As there is only one colour of backstitching and it's pretty pale I set it to show as black in the pattern.

Please do leave a message on my blog, <http://magicalquilts.blogspot.com/>, or mention me on Twitter or Instagram with @magical525 if you make this as I'd love to see the results!
