Welcome to the eleventh Ornament of the Month! November has two birthstones: Yellow Topaz and Citrine and I made a pattern for both of them.

This is the pattern for Yellow Topaz.

There is no backstitching for this pattern - it's just long stitches - check the diagram on the post to see how to do it.

This year the patterns will be three shades of DMC linked to the birthstone of the month. Of course you can always use another thread if you so choose.

All stitches that cross more than one stitch corner to corner are straight stitches. If you use Aida it is a good idea to swap to a sharp pointed needle for the stitches that go half-way across a stitch.

Please do leave a message on my blog, <http://magicalquilts.blogspot.com/>, or mention me on Twitter or Instagram with @magical525 if you make this as I'd love to see the results!

This pattern was given for your own personal use on <http://magicalquilts.blogspot.com/>. You may not sell this pattern, nor may you offer kits with this pattern. You may not sell embroideries made with this pattern, it was made for charitable or personal use only.

Please do not post this pattern to other sites but refer back to the blog post. This includes sites such as Pinterest and Facebook! So for example saying "I stitched this and you can get the pattern here" with a link is allowed but saving the pattern and uploading it as a file to Facebook or Pinterest is not.

You may of course share your finished results where you like, it's just the pattern itself that may not be shared.
