This is a suggested stitching layout for your embroidery - it's important to leave at **least** 8 stitches (or 16 threads) between the pieces so you can cut them apart and still have enough seam allowance, a bit more is of course safer.

I placed the flat edges of each row under the flat edges of the row above so that it's easier to count to where you need to be.

If you have a bit of fabric that is wider and tall enough just adjust the placement to fit what you have
