The end of this month and the beginning of the next mark the 6 months to Halloween point - so what better way to celebrate it than to have a quick little Halloween related pattern?

You don't need red for this pattern - it's only used for the lettering of the second pattern so you can see which is which.

I did the DLE-310 black backstitches as larger 1 x 2 stitches (or 2 x 4 threads if using evenweave or linen and working over 2 for the cross stitches) as that would then also mark the places where the lines begin and start.

All of the silver lines are span stitches. If you need help on how to do the span stitches please look here:

If you don't stitch using a hoop please take care when doing the span stitches so you don't pull things out of alignment.

If you do stitch using a hoop don't be alarmed when you take the embroidery out of the hoop as it may look a bit bunched up and as if it has all gone horribly wrong. All you need to do to fix it is press the embroidery - believe me I was horrified when it happened to me and this really worked to fix it as you can see on my blog.

I made my hanging loop using just 3 strands of DMC 310, the length was about 18".

I used normal DMC 310 for the backstitches of the edge as it is nicer to work with, though you can the light effects if you prefer.

I alternated TOHO beads Metallic Hematite (TR-11-81) and Permanent -Finish Galvanised Aluminium (TR-11-PF558) when I whip stitched the two sides together

Please do leave a message on my blog, <http://magicalquilts.blogspot.com/>, if you make this as I'd love to see the results!
