Although it doesn't look like it, this was inspired by a power outage that my bf had to deal with and the very nice customer service person on twitter @ssencommunity

There are 4 versions of this pattern - feel free to mix and match to create something with it, though I do suggest using either 14ct Aida or 28ct evenweave or linen as it's quite intricate and quickly loses its detail if you stitch on finer fabric.

## Notes

Each individual pattern is just 18 stitches square and on 14ct Aida, if you add 2 stitches on each side before stitching it together, it then comes out at 1 1/2" square.

Please do leave a message on my blog, <http://magicalquilts.blogspot.com/>, if you make this as I'd love to see the results!
