This is the 9th of the 31 patterns that I will be giving on my blog over the month.

Today's pattern is inspired by the mucha princess patterns Pinky the Pink has made, this one uses the colours of Kida which you can find here: <http://tinyurl.com/y7mcgguo> (if it hasn't sold out yet as it's a limited edition pattern). Pinky's etsy shop can be found here: <https://www.etsy.com/shop/pinkythepink> with more princesses and much, much more!

You can find the fob pattern I designed for her here: <https://magicalquilts.blogspot.com/2017/02/a-new-series-of-freebies.html>

All diagonal lines except the green stem lines should be done with a straight stitch - so the needle only goes through the fabric at the beginning and ending of the line.

This pattern calls for it to be fully stitched with a light blue, If you prefer you can use a light blue fabric instead and just do the back stitched and straight stitched area's.

While the pattern does call for a Light Effects red floss, if you prefer you can of course always go for a non-sparkly version with the same colour number, or perhaps even a completely different pallet than the one given! Make it yours if you like, I'm all for it!

The + in the centre is the middle of the pattern, marked for your stitching ease. The black backstitched line is the seam line of the stockings should you join them into a single stocking. I'd suggest whip stitching them together wrong sides facing.

For more ideas on how you can use these patterns please look here: <http://magicalquilts.blogspot.com/2017/06/christmas-in-july-overview-post.html>

Please do leave a message on my blog, <http://magicalquilts.blogspot.com/>, if you make this as I'd love to see the results!

This pattern was given for your own personal use on <http://magicalquilts.blogspot.com/>. You may not sell this pattern, nor may you offer kits with this pattern. You may not sell embroideries made with this pattern, it was made for charitable or personal use only.
